

WEDDING PHOTOGRAPHER ANNA SNEZHKO

PRICE-LIST 2025-26

My name is Anna, I am a wedding photographer and I truly love my job.

Each wedding for me is a unique love story, full of bright emotions and unforgettable moments. I strive to capture these moments so that they will forever remain in the memory and hearts of the newlyweds.

My creative philosophy is based on a deep understanding of human emotions.

I believe that true beauty lies in the sincerity of feelings - be it joy, happiness, tenderness or even tears of affection.

My emotional intelligence helps me not only to see, but also to feel the atmosphere of each event, which allows me to create truly touching and lively pictures.

My goal is to create not just photographs, but a whole gallery of emotions that will tell your story for many years.

When working with couples, I strive to establish a trusting relationship. It is important to me that couple feel comfortable and free in front of the camera.

Every wedding is not just a job for me, it is an opportunity to become a part of personal couple story, to capture love and make these moments stay with you forever. I am proud that I can help preserve the memories of the most important day in life.

TESTIMONIALS

Hi, Anna!

We would like to express our sincere gratitude for your work. The photos turned out simply magnificent, and we really liked them. This is one of those rare cases when it is impossible to single out any unsuccessful image.

We really did not expect the result to be so impressive, especially considering that we only had one photo shoot experience. The reality exceeded all our expectations.

Again, thank you very much for such a wonderful result!

Anna, we didn't write too late yesterday, but now we just can't resist expressing our sincere gratitude to you..

The emotions we experienced looking at your work were incredible. You really captured and conveyed my vision, and each photo radiates tenderness, love and happiness.

Special thanks for capturing our guests - this is very important to us. We understand perfectly what it is like when after an event there are only memories without photos, and we are glad that no one was left without attention.

Every photo is a real beauty, and we can't stop admiring them.

Again, thank you so much for your work!
Best regards, Irina and Cleber
